"Thank you for attending this Open House and answering these questions"

Record any other unsolicited comments

I doubt if any concern stated here will make a difference on where the highway finally goes

If the highway goes north of the existing US 12, this open house will have been successful

Let's build it - Good job!

Put the highway about ½ mile north at Lowden

Past Walla Walla?

Too crowded

Would like to see alternate routes and property impacts

**Keep us informed** 

Need more online info. & maps with a way to make comments on line

Project is not moving fast enough
